# Final Examinations Winter 2020

## 1. Introduction

The purpose of this exam is to provide you with an opportunity to demonstrate what you have learned in this course. Because of the challenging situation imposed by COVID-19, the Faculty of Science wants to ensure that you are fully aware of the special measures we are taking to ensure the exam is fair and that you have enough time to complete and submit it.

**Please read the complete cover page and sign your agreement to the academic integrity statement on page 2 before beginning your exam.**

## 2. General information

| | |
|---|---|
| Course (eg FCSI 101): | COMP 202 |
| Type of exam: | Take-home |
| Date and time of exam release: (eg APR-20 09.00) | April 23rd 6:30pm |
| Deadline for exam submission: (eg APR-23 09.00) | April 26th 6:30pm |
| Method of submission: | Other |
| | Through codePost |
| Examiner: | Giulia Alberini |
| | giulia.alberini@mcgill.ca |
| Associate Examiner: | Elizabeth Patitsas |
| | elizabeth.patitsas@mcgill.ca |

## 3. Terms and Conditions

a) Use of the following materials during the exam is permitted (check indicates allowed, all blank for closed book):
   - course textbook................................. ✔
   - your own class notes........................... ✔
   - any book online................................... ☐
   - myCourses page................................. ✔
   - other................................................... ✔ A Python IDE, Piazza (for private questions)
b) Online searching of subject material/related exam questions is permitted:  Yes ◯     No ⦿
c) Communicating with classmates regarding any aspect of the exam or course once you begin the exam **is not permitted**.
d) Posting or sharing the exam content, including exam questions, or your answers both during and after submission **is not permitted**.

## 4. Exam time period and submission

a)  Each take-home final exam has been prepared in such a way that if undertaken under normal conditions, it can be completed in 3 hours. You have been allotted **72** hours to complete and submit the exam script with your answers. Due to potential issues with internet connectivity and other unforeseen technical issues, it is strongly recommended that you plan to submit the exam at least several hours in advance of the deadline.

b)  If the 72-hour deadline falls on a weekend day, the deadline remains.

c)  For some exams, you may be allowed to submit an exam script more than once during the 72 hours; only the last submission will be graded (regardless of its state of completion).

d)  All exams must be submitted by the posted deadline.

e)  Please check your exam script for readability and completeness before uploading and submitting.

## 5. Questions that arise during the exam

It is important to recognize that the type of questions that an instructor can respond to during an exam is limited.

*Instructor: Please describe what kinds of questions you will answer. See example given*

If you find an exam question to be ambiguous or unclear, post your questions PRIVATELY on Piazza. You should NOT email directly the instructor or any of the TAs. Your instructor will try to review questions periodically during the exam period, but a response cannot be guaranteed. It is important, therefore, that you express any concerns over ambiguities on your exam script and still answer questions to the best of your ability

| | |
|---|---|
| **The Examiner will be responding to questions:** | Between 7:30pm and 9pm on April 23rd, April 24th, and April 25th |

## 6. Academic integrity

McGill University values academic integrity. Therefore, all students must understand the meaning and consequences of cheating, plagiarism and other academic offences under the Code of Student Conduct and Disciplinary Procedures (see www.mcgill.ca/students/srr/honest/ for more information, approved by Senate on 29 January 2003).

Please affirm the following statement by either uploading a signed copy of this form; digitally signing a statement at the beginning of your submission; sending an email within myCourses; taking a photo of your signature and uploading it with the exam script; (if appropriate) responding to a 1-question quiz within myCourses that acknowledges acceptance of the integrity code.

***I have neither given nor received unauthorized aid on this exam and I agree to adhere to the specific Terms and Conditions that govern this exam.***
